Subject: Formaldehyde assessment comments from ToxPathways workgroup

Dear formaldehyde assessment team members,

Appended please find our workgroup's written comments on the formaldehyde assessment. I append two versions of comments from Jane Caldwell. The shorter version is responsive to your request to prioritize the key points for consideration, as an aid to making suggestions easier to follow/ prioritize. Also transmitted is a longer memo, per her request, so that the more detailed discussions may be more easily used and addressed.

As discussed yesterday, we (Jason F) are continuing to work with you (Lynn) to aid in finalizing the NPC MOA section. We will be in touch as that goes forward.

We thank you for your consideration of our comments. Do let us know how else we may be of assistance.

With thanks to the workgroup,
Kate
